

# Kenya Kingdom Impact Trip & Delegation

April 22/23 – May 8, 2025

Join us for a transformational journey across Nairobi, Mombasa, and Kakamega as we serve communities, build partnerships, and advance God's Kingdom through strategic, sustainable ministry.

 APRIL 22 – MAY 8, 2025

 KENYA

# Kenya Kingdom Impact Trip & Delegation

This isn't just a mission trip—it's a Kingdom delegation. Over 16 transformative days, you'll join a community of believers committed to serving with excellence, partnering with local leaders, and making lasting impact across three strategic regions of Kenya.

## Our destinations:

- Nairobi — Kenya's vibrant capital and economic hub
- Mombasa — Historic coastal city with diverse communities
- Kakamega — Rural region with deep ministry opportunities

# What Is a Kingdom Trip?

A Kingdom Trip goes beyond traditional short-term missions. We integrate multiple dimensions of service to address the whole person and the whole community. Our approach is holistic, sustainable, and rooted in authentic partnership.

## Spiritual Ministry

Teaching, preaching, prayer, and prophetic encouragement that strengthens local churches and believers.

## Practical Service

Hands-on work in education, healthcare, business development, and food security initiatives.

## Leadership Development

Equipping and empowering local leaders to continue the work long after we've returned home.

## Sustainable Impact

Building systems and partnerships that create lasting change, not just temporary relief.

"We serve the whole person and the whole community."

# Why Kenya?

Kenya represents a strategic opportunity for Kingdom impact. Our work is built on relationships with trusted local partners who have invited us to serve alongside them. This isn't about imposing our agenda—it's about responding to invitation and working in unity with those who know their communities best.

## Trusted Local Partnerships

We work exclusively with established Kenyan leaders and organizations who share our values and vision for sustainable community transformation.

## Invitation-Based Engagement

Every ministry opportunity comes through direct invitation from local partners. We serve where we're wanted and needed most.

## Long-Term Impact Potential

Our partnerships create pathways for ongoing support, follow-up, and deepening relationships beyond this single trip.

## Strategic Diverse Regions

From urban centers to rural communities, Kenya's diversity allows us to address a wide range of needs and contexts.

# Trip Timeline

16 DAYS OF IMPACT

Our schedule is intentionally designed to balance rest, cultural learning, team building, and intensive Kingdom service. The first phase prepares us physically and spiritually; the second phase deploys us strategically across multiple regions.

# Rest & Cultural Immersion

April 22–26

The first few days of our trip are not wasted time —they're essential preparation. We intentionally build in rest, relationship, and cultural learning before diving into intensive service. This approach ensures our team is unified, energized, and culturally aware.

## Why this matters:

- Overcome jet lag and travel fatigue
- Build trust and unity within the team
- Learn cultural context and local customs
- Prepare spiritually through worship and prayer
- Begin forming relationships with local partners

- For families and professionals:** This built-in rest phase ensures you arrive ready to serve effectively, not exhausted. We prioritize sustainability over burnout.

# Kingdom Service Phase

April 27 – May 8

For 12 intensive days, our teams will be strategically deployed across three regions, working in coordination with local partners. Each day includes focused ministry work, shared meals, team check-ins, and evening debriefs. We stay in high-quality accommodations that allow for rest and sustainability throughout the service period.

## Nairobi

Urban ministry, business development, medical clinics, and church partnerships in Kenya's dynamic capital city.

## Mombasa

Coastal outreach, youth engagement, education initiatives, and community health in this historic port city.

## Kakamega

Rural ministry, agricultural projects, pastoral support, and food security work in western Kenya's heartland.

## Daily Structure

- Morning devotion and team prayer
- Deployment to ministry sites by track
- Lunch with local partners
- Afternoon service and engagement
- Evening team gathering and debrief
- Rest in quality accommodations

## Coordinated Excellence

Every day is planned in partnership with local leaders. Ground transportation, meals, interpreters, and site access are all coordinated to maximize impact and ensure safety. You'll never wonder what's happening next—our logistics team has every detail covered.

# Ministry & Spiritual Care

This track focuses on strengthening local churches and believers through teaching, preaching, prayer ministry, and prophetic encouragement. Whether you're a pastor, worship leader, intercessor, or simply passionate about spiritual formation, this track connects you with Kenyan church leaders for deep Kingdom partnership.

## Teaching & Preaching

Deliver messages in churches, conferences, and small group settings. Topics are coordinated with local leaders to meet specific needs.

## Prayer & Prophetic Ministry

Lead prayer gatherings, provide prophetic encouragement, and intercede for individuals, families, and communities.

## Church Gatherings & Outreach

Participate in worship services, evangelistic outreach, and special events that bring communities together in faith.

## Pastors & Leaders Support

Encourage, equip, and pray for local pastors and ministry leaders who serve faithfully in challenging contexts.

TRACK 2

# Education & Youth Development

Kenya's greatest resource is its youth. This track engages young people through education, mentorship, leadership development, and life skills training. We partner with schools, youth groups, and community programs to invest in the next generation.

## Youth Engagement

Lead activities, sports, arts, and workshops that build confidence, character, and Christian identity among teens and young adults.

## Financial Literacy

Teach practical money management, entrepreneurship basics, and stewardship principles to empower economic independence.

## Mentorship & Leadership

One-on-one and small group mentoring that develops leadership capacity and helps young people discover their calling.

## School & Community Outreach

Visit schools to deliver supplies, share encouraging messages, and build relationships with teachers and students.

# Medical Missions

Healthcare access remains a critical need across Kenya. Our medical track brings together licensed professionals, medical students, and support staff to deliver compassionate care through clinics and health education. All activities are conducted ethically, legally, and in partnership with local health authorities.

## Who Can Serve

- Licensed physicians and nurses
- Medical and nursing students
- Pharmacists and technicians
- Public health professionals
- Non-medical support staff

## Services Provided

- General health screenings
- Basic medical treatment
- Health education workshops
- Medication distribution
- Referrals to local facilities

- ❑ **Compliance & Ethics:** All medical work is done in full compliance with Kenyan healthcare regulations and in coordination with local medical authorities. We operate with the highest ethical standards.

# Business & Economic Development

Economic empowerment is Kingdom work. This track connects Christian business leaders, entrepreneurs, and investors with Kenyan counterparts to foster economic growth rooted in biblical principles. Our centerpiece is a small business conference, but opportunities extend beyond that single event.

## Small Business Conference

Multi-day event featuring workshops, panels, and networking for Kenyan entrepreneurs and business owners.

## Faith-Aligned Growth

Teach business practices grounded in integrity, stewardship, generosity, and Kingdom values.

## Entrepreneurs & Investors

Connect potential investors with vetted local businesses seeking capital and mentorship for growth.

## Local Enterprise Support

Provide one-on-one consulting, business plan development, and ongoing mentorship relationships.

# Food Security & Social Enterprise

Sustainable food systems create lasting community resilience. This track engages farming initiatives, agricultural training, and social entrepreneurship projects that address hunger while building economic opportunity. We work with local farmers, cooperatives, and food security organizations.

## Farming Initiatives

Hands-on work with farming projects, including planting, harvesting, and agricultural system improvements.

## Food Systems & Sustainability

Training in sustainable farming practices, water management, soil health, and crop diversification.

## Social Entrepreneurship

Support enterprises that address food insecurity while creating jobs and income—businesses with mission.

## Long-Term Resilience

Build capacity for communities to feed themselves sustainably, reducing dependence on external aid.

# Material & Goods Support

In addition to our five primary ministry tracks, we coordinate strategic distribution of material goods including clothing, medical supplies, and school materials. This isn't haphazard charity—it's dignity-centered distribution done in partnership with local leaders who know their communities' needs.

## Clothing Distribution

Quality clothing distributed through local churches and community centers to families in need, with dignity and respect.

## Medical Supplies

Essential medical supplies and equipment delivered to clinics, hospitals, and health centers serving underserved populations.

## School Supplies

Books, writing materials, and educational resources provided to students and schools lacking basic academic tools.

"We distribute goods strategically, through trusted partners, in ways that honor recipients and create lasting impact."

# Scholarships & Financial Support

We want this trip to be accessible to qualified participants regardless of financial means. Limited partial scholarships are available for those who demonstrate both financial need and strong alignment with our mission values.

## Scholarship Priorities

- Students and young adults with clear calling
- Emerging leaders in ministry or service
- Medical and education professionals with needed skills
- Participants filling strategic ministry roles

**Important clarification:** Scholarships are *partial*, not full. They're application-based and awarded to increase access for qualified participants. Scholarships support access, not avoidance of responsibility. All team members contribute financially to the trip.

If you have financial need and believe you're called to this trip, we encourage you to apply. Scholarship decisions are made prayerfully and in consultation with trip leadership.

# Travel & Logistics

We've designed our logistics to maximize your focus on ministry while minimizing stress about details. Here's what's coordinated for you and what you'll handle independently.

## Your Responsibility

- **Book your own flights** to Nairobi within the specified arrival window (April 22-24)
- Obtain necessary travel documents (passport, visa)
- Purchase travel insurance
- Arrange transportation to/from your home airport
- Complete required health preparations and vaccinations

## We Coordinate

- Airport pickup in Nairobi
- All in-country lodging in quality accommodations
- Ground transportation between cities and to ministry sites
- Meals throughout the trip (breakfast, lunch, dinner)
- Ministry site access and local partnerships
- Interpreters and cultural guides as needed

## Track-Specific Requirements

Each ministry track has specific preparation needs. Medical track participants need licensure documentation; business track members should prepare presentations; education track volunteers need background checks. Full requirements communicated upon acceptance.

# Preparation Process

Successful missions require preparation. We take team readiness seriously, providing multiple touchpoints to ensure you're spiritually, emotionally, and practically prepared for what's ahead.

## Pre-Trip Orientation Calls

Multiple online meetings where we cover logistics, set expectations, build team culture, and pray together.

## Track-Based Preparation

Specialized prep for your ministry track—medical protocols, teaching materials, business content, etc.

## Cultural Readiness

Learn about Kenyan culture, customs, communication styles, and how to serve with cultural intelligence.

## Team Expectations

Clear standards for behavior, attitude, flexibility, and teamwork. We serve together with unity and humility.

"This is a delegation, not a vacation. We prepare seriously because we serve a serious mission."

# Is This Trip for You?

This trip isn't for everyone—and that's okay. We're looking for mature, humble, team-oriented servants who are willing to prepare, flex, and trust God through challenges. Here's who tends to thrive on Kingdom delegations like this.

## You Want to Serve with Humility

You're not coming to "save Africa" or be a hero. You're coming to partner humbly with local believers, learn from them, and serve under their leadership.

## You're Spiritually & Emotionally Mature

You can handle the realities of poverty, cultural differences, and discomfort without becoming overwhelmed or needing constant emotional support from the team.

## You Can Work in Teams

You understand that mission is communal. You're willing to submit to team leadership, communicate openly, and prioritize unity over personal preference.

## You Want Long-Term Impact

You're not interested in feel-good moments or Instagram content. You want to be part of something that continues long after you return home.

## You're Willing to Prepare

You'll do the work before the trip—attend prep calls, complete assignments, get vaccines, arrange logistics, and show up ready to serve.

- If this describes you, we'd love to have you on the team. If you're unsure, reach out—let's have a conversation about whether this trip aligns with your calling and capacity.

# How to Get Involved

Ready to take the next step? Here's exactly how to move from interest to commitment. The process is straightforward, and we'll guide you each step of the way.

## 1 Complete the Interest/Application Form

Fill out our online form with your contact info, background, ministry interests, and why you're interested in this trip.

## 2 Select Your Preferred Track

Choose which ministry track aligns with your skills, calling, and interests. You can also indicate openness to multiple tracks.

## 3 Attend an Info Session

Join a live online info session where we'll answer questions, share more details, and help you discern if this trip is right for you.

## 4 Receive Next Steps & Logistics

If accepted, you'll receive a detailed welcome packet with payment schedule, preparation timeline, and all logistics information.

### Interest Form

Access the application at our trip website or contact the trip coordinator directly for the link.

### Info Session

Sessions scheduled monthly leading up to the trip. Dates announced via email and on our church website.

### Stay Connected

Join our email list and WhatsApp group for updates, prayer requests, and team communication.

# The Invitation

"If you've been praying for a way to bring your faith, skills, and calling together—this is your invitation."

God is doing something beautiful in Kenya, and He's inviting you to be part of it. Not as a spectator, but as a participant. Not as a tourist, but as a servant. Not for a moment, but for lasting Kingdom impact.

This trip will stretch you. It will challenge your comfort. It will require sacrifice. And it will be worth it.

The question isn't whether God is at work in Kenya. The question is: Will you join Him?
